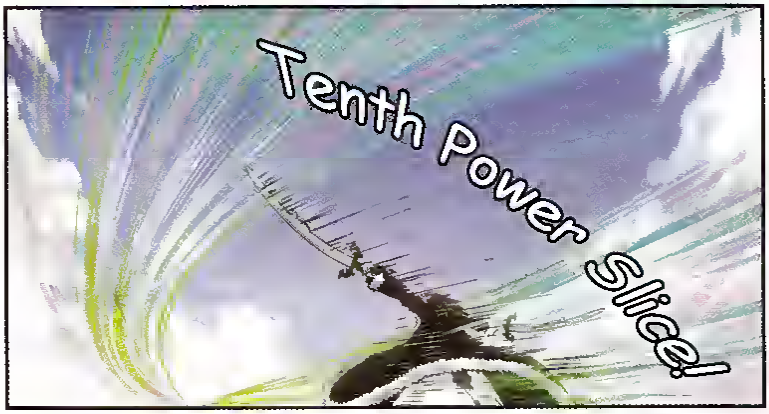
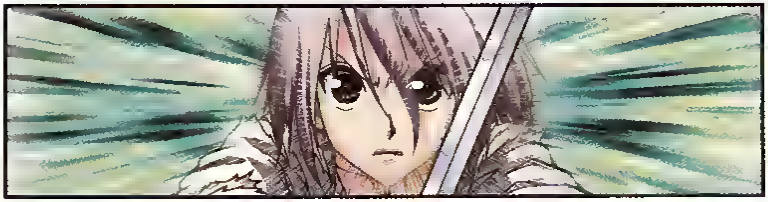
Answer #189: Fluttering ZiXin Flowers

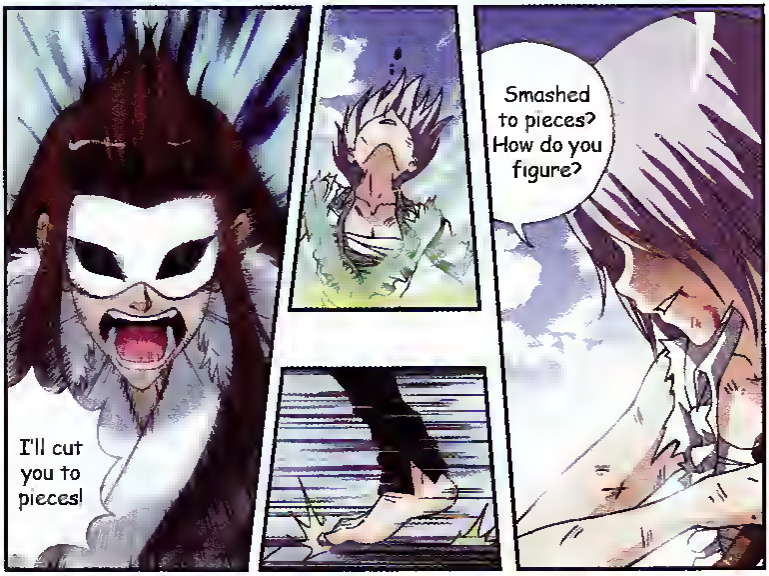
Wake up!



Tenth Power Slice!

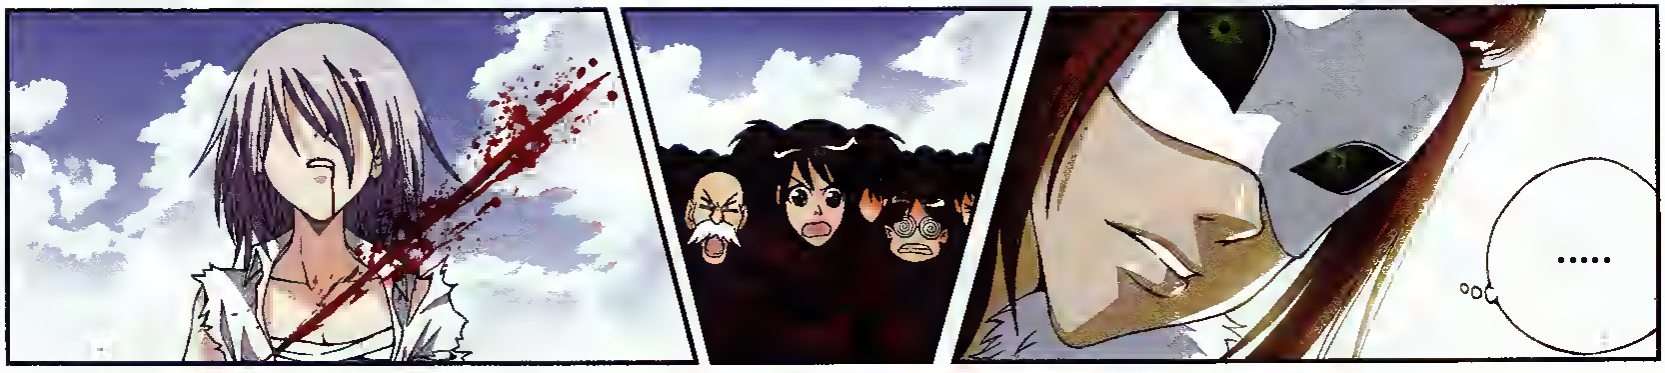


Peacock Wind!



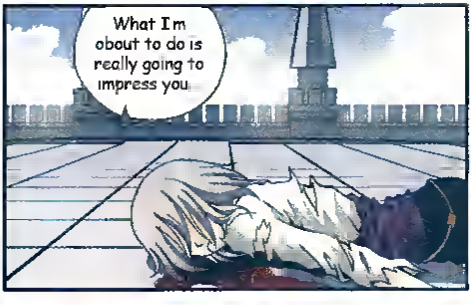
I'll cut you to pieces!
Smashed to pieces? How do you figure?

I will not hold back, not even one bit!
You're looking to die!
~Glare~

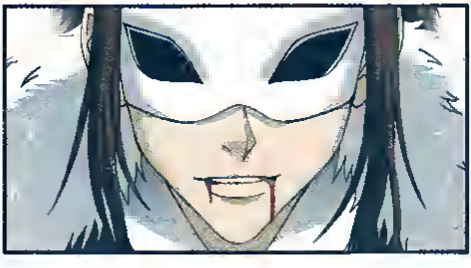


I attacked you with two blades but you still dodged my attack?

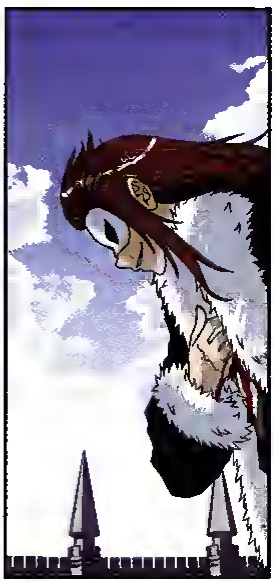
I don't care about the consequences. Let's Fight!

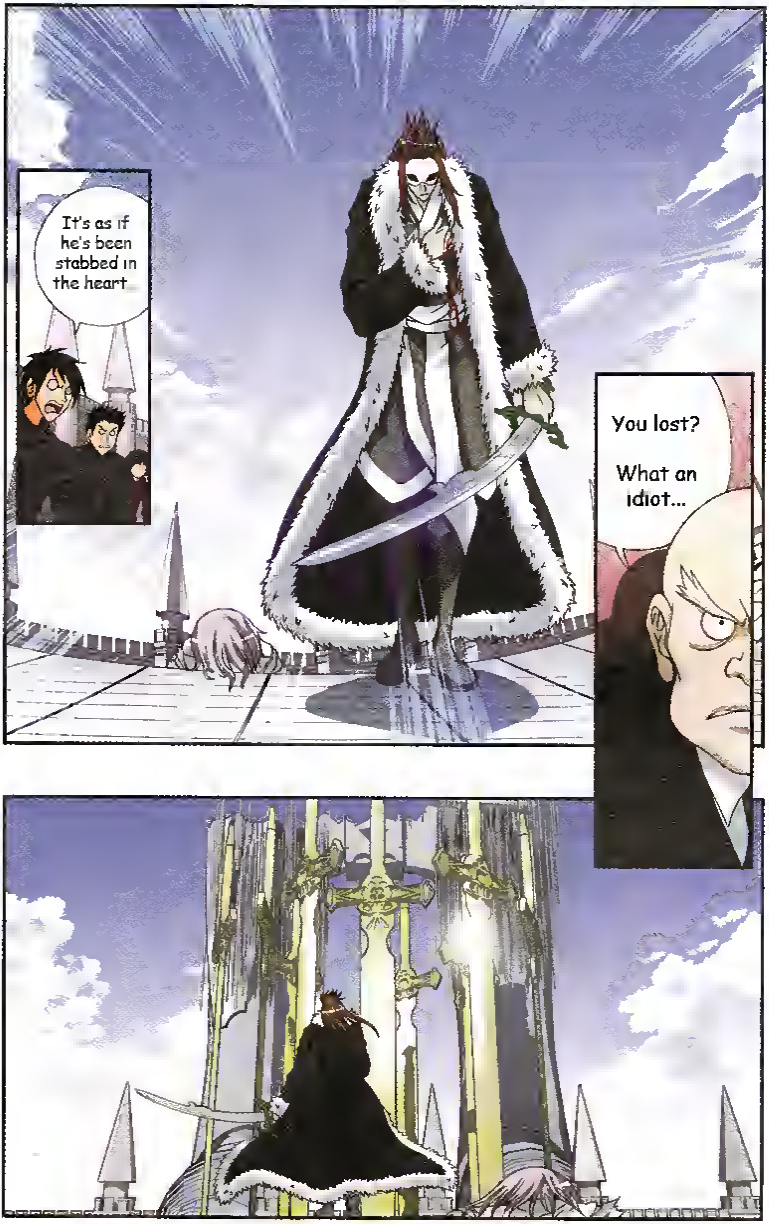


What I'm about to do is really going to impress you.



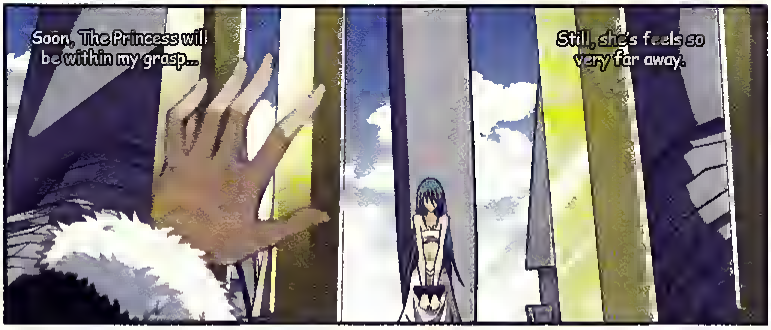
It's beautifully dry...



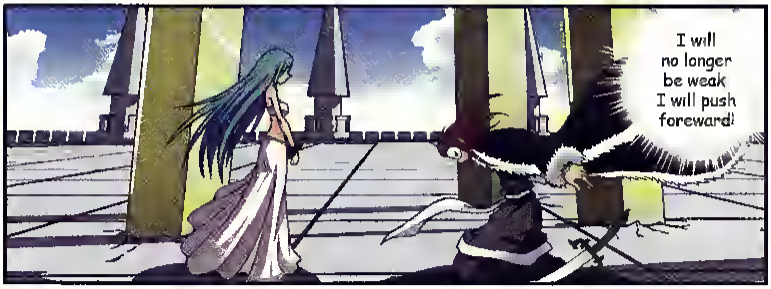


It's as if he's been stabbed in the heart
You lost?
What an idiot...

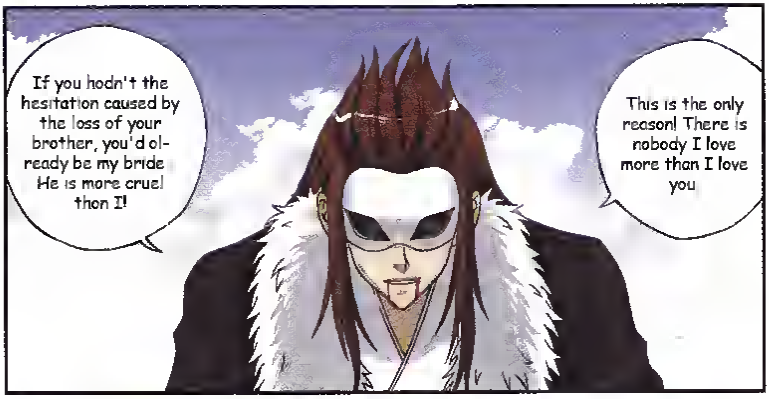
Urghhh!



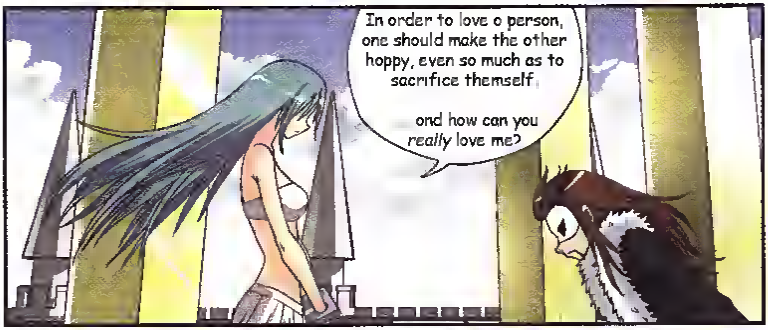
Soon, The Princess will be within my grasp...
Still, she's feels so very far away.



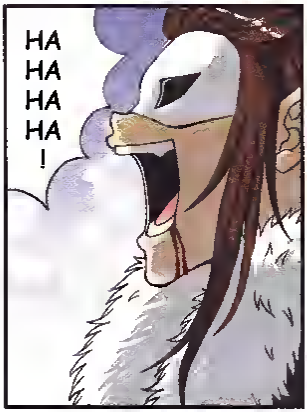
I will no longer be weak I will push foreward!



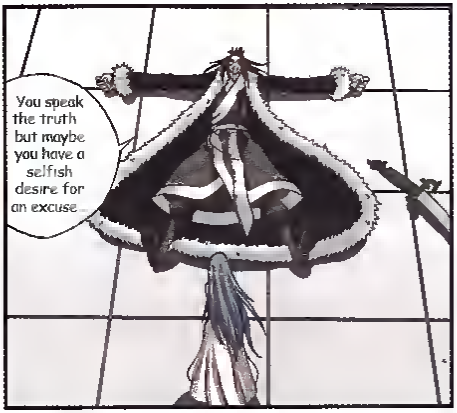
If you hadn't the hesitation caused by the loss of your brother, you'd already be my bride. He is more cruel than I!
This is the only reason! There is nobody I love more than I love you.



In order to love a person, one should make the other happy, even so much as to sacrifice themself.
and how can you *really* love me?



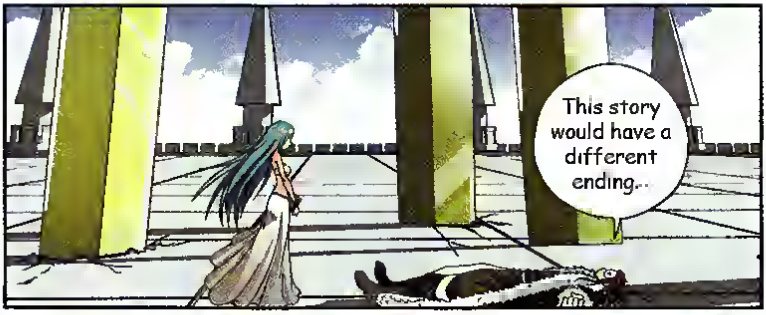
HA HA HA HA !



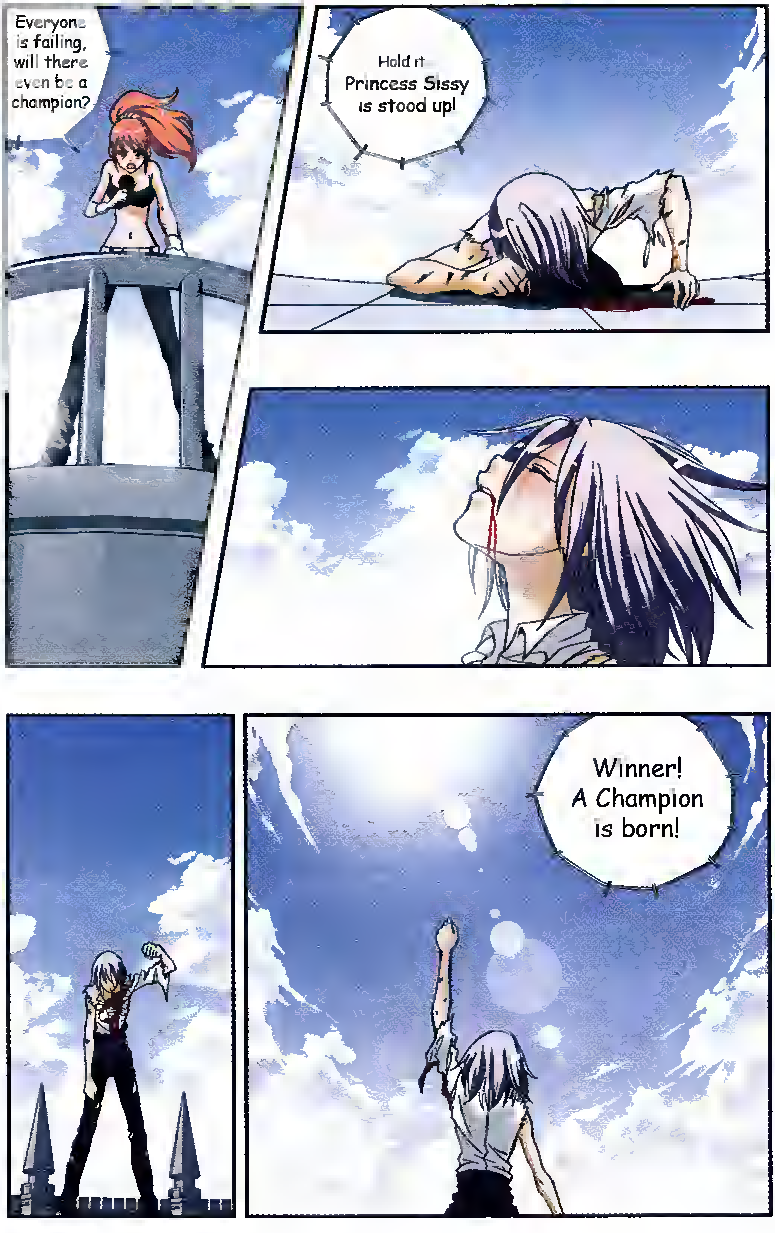
You speak the truth but maybe you have a selfish desire for an excuse.

Such a beautiful sky... like the first time I ever saw it
Hey! That's Poseidon! We've arrived!
The tunnel is so wide!
I heard that the princess is beautiful! Pray for me!
I will!
Hey!

Onward to the ring, let's go all out!
Not only for the princess
Not only for Sea Emperor
but also for...
OUR DREAM!
If I could turn back the sands of time ...

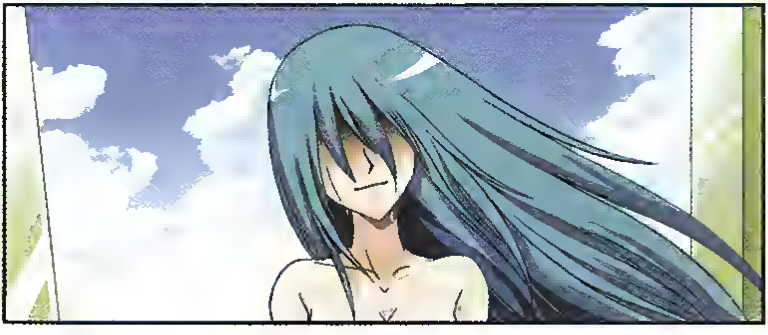


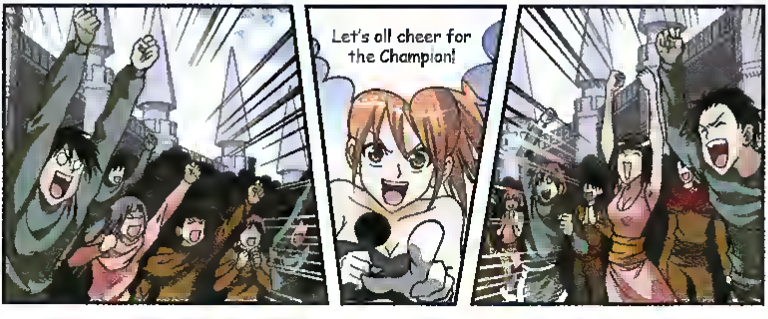
This story would have a different ending...



Everyone is failing, will there even be a champion?
Hold it
Princess Sissy is stood up!
Winner! A Champion is born!

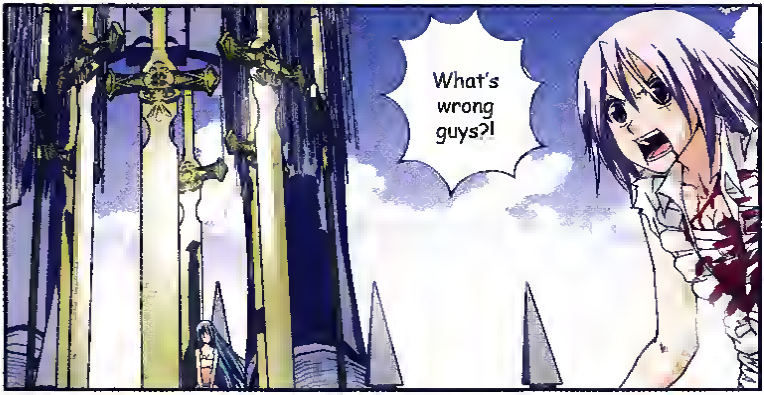
Sis,
I DID IT!



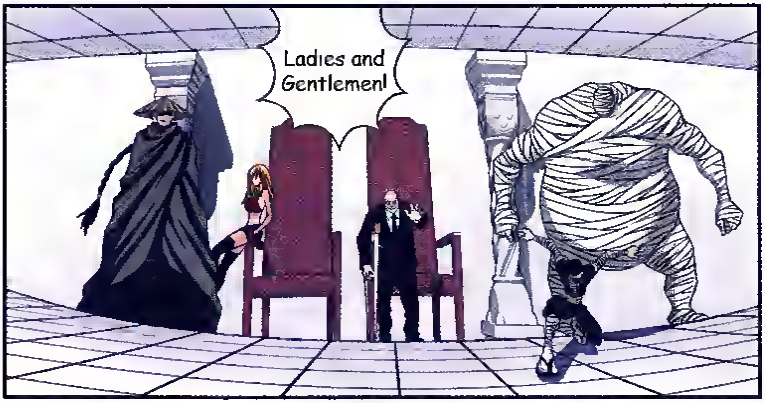


Let's all cheer for the Champion!

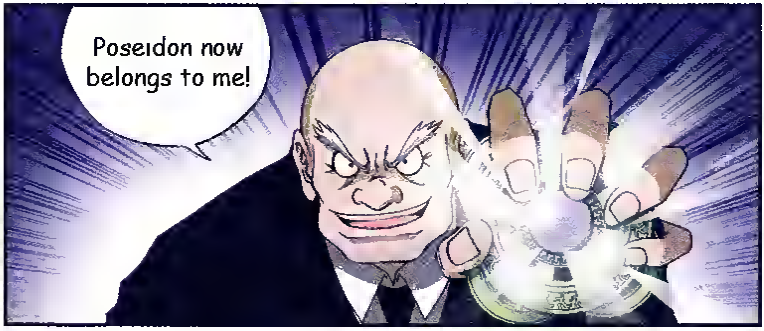
The disappaint-
ing guy actually
last the game...
and naw his
agreement
cannot be
fulfilled
Now I hove to
rely on myself
to devour
Poseidon!
The audi-
ence is
screaming...
what hap-
pened?
Ah!



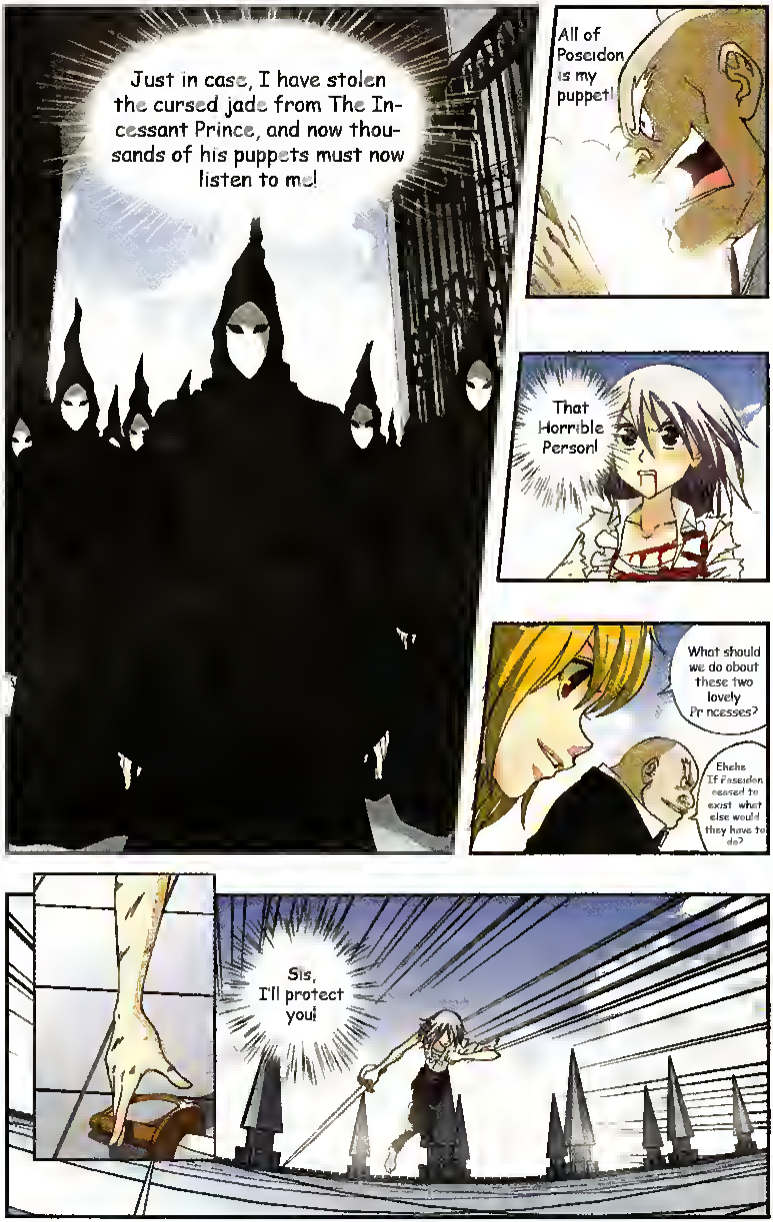
What's wrong guys?!



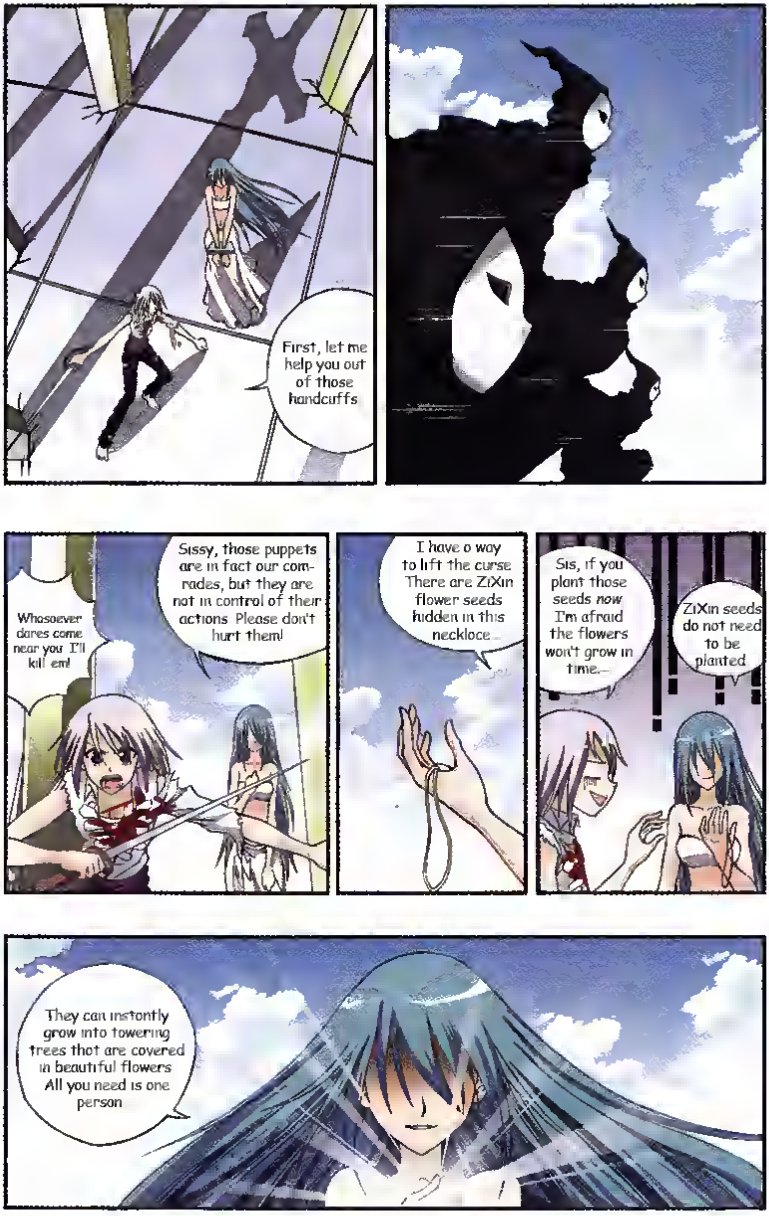
Ladies and Gentlemen!



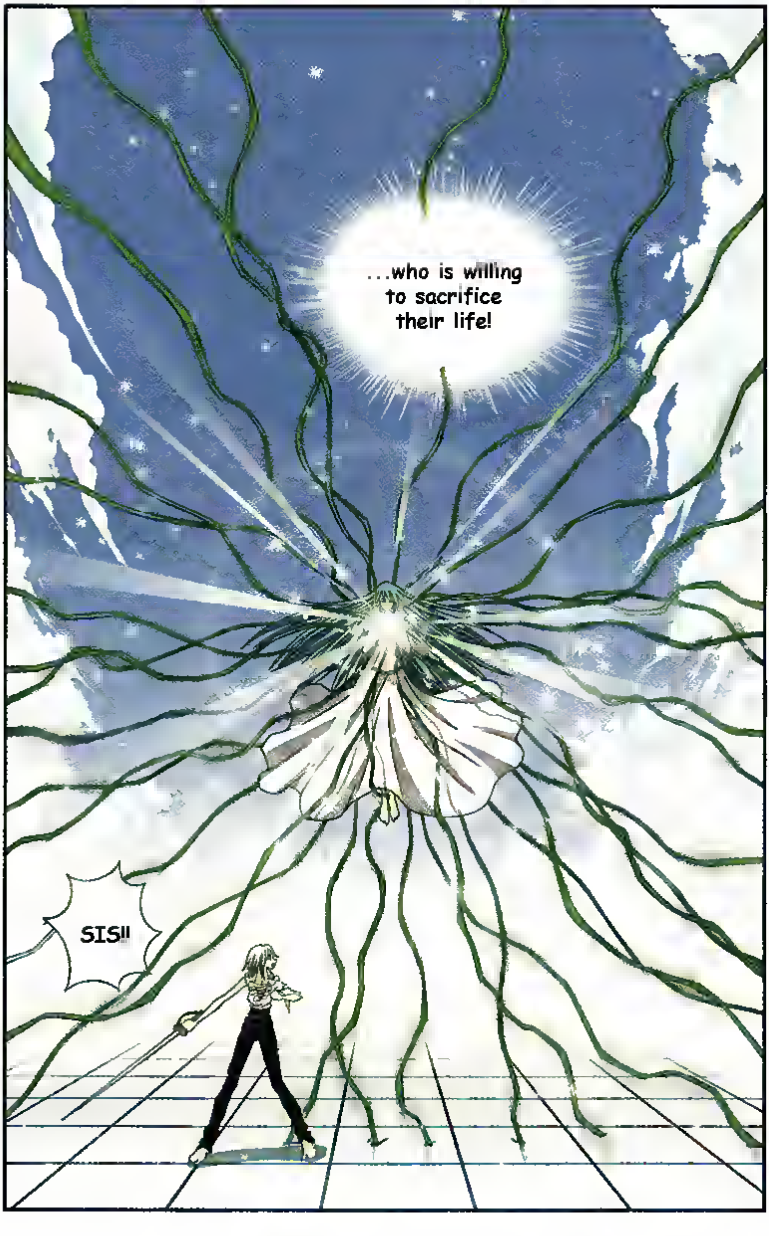
Poseidon now belongs to me!



Just in case, I have stolen the cursed jade from The Incessant Prince, and now thousands of his puppets must now listen to me!
All of Poseidon is my puppet!
That Horrible Person!
What should we do about these two lovely Princesses?
Ehehe If Poseidon ceased to exist what else would they have to do?
Sis, I'll protect you!



First, let me help you out of those handcuffs
Whosoever dares come near you I'll kill 'em!
Sissy, those puppets are in fact our comrades, but they are not in control of their actions Please don't hurt them!
I have o way to lift the curse There are ZiXin flower seeds hidden in this necklace...
Sis, if you plant those seeds *now* I'm afraid the flowers won't grow in time...
ZiXin seeds do not need to be planted
They can instantly grow into towering trees that are covered in beautiful flowers All you need is one person



...who is willing to sacrifice their life!
SIS!!
